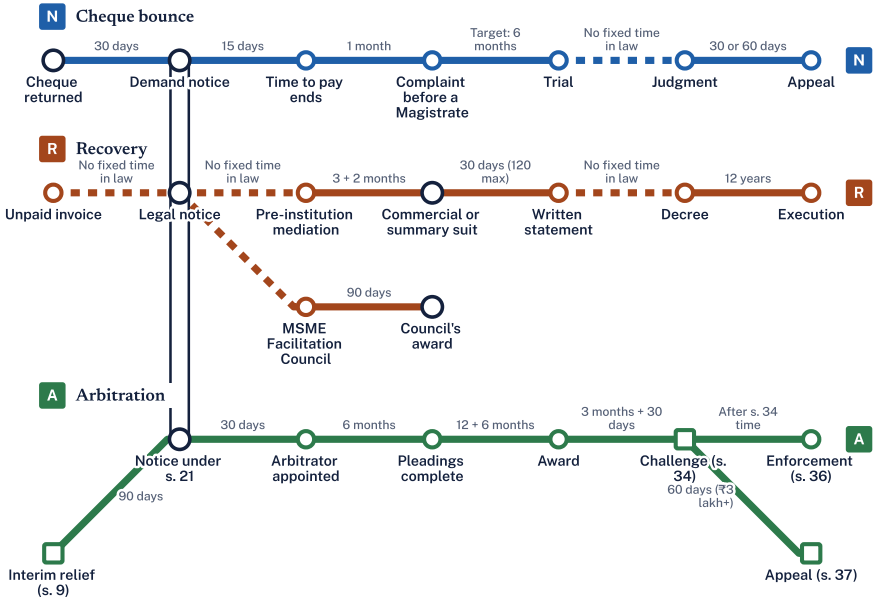
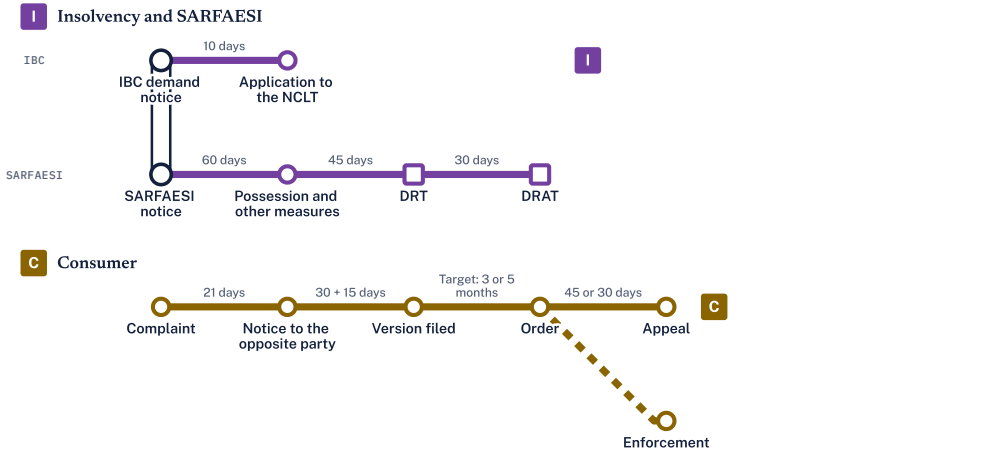
The legal route map.

Where you stand, and the road ahead.





Only time limits set by law. Where the law sets none, the leg says "No fixed time in law". Where the Act sets a target for the court rather than a deadline, the leg says so. The map does not estimate how long a court will take, and it says nothing about outcomes.

The six lines

- **N** Cheque bounce line
- **R** Recovery line
- **A** Arbitration line
- **I** Insolvency and SARFAESI line
- **C** Consumer line
- **B** Criminal line

- A step in the process
- Interchange with another line
- A court the route connects to
- Dashed: no fixed time in law

Interchanges

Where one route connects to another.
